Latest from the Indian War.

WINNEMUCCA, July 7th.—Two companies of Fourth Artillery, one of the Eighth Infantry, and part of a company of the Twelfth Infantry, arrived here at sunset. They marched from McDermitt to Winnemucca, a distance of more than eighty miles, in two days. They go by special train to San Francisco to-morrow.

BAKER CITY, Oregon, July 7th.—The latest news from General Howard is by a courier who arrived at Umatilla on the 6th. Howard is at Granite Creek. The Indians are in front of him. Their trail is very large indicating at least one thousand or fifteen hundred hostiles. Scouts report that a great many Umatilla Indians have joined them. Howard thinks it is the intention of the Indians to either come down Birch creek, Custer creek, or Willow creek. They intend crossing the Columbia near Umatilla, or are trying to get over into the Wallows. from the present action of the hostiles it is very difficult to learn which route they will take. Howard warns all to be on the alert, and advises that boats be stationed along the river at different points to prevent their crossing.

LA GRANDE, July 7th.—Judge Albertson has received a dispatch from Pendleton, dated Pendleton, July 5th, saying that fifty men who went out as scouts had to take refuge in sheep corrals. They had a fight fifteen miles above Pilot Rocks. Ten men were killed. Among them was Albert Aikin. The soldiers had left Pendleton and expect to be in the field in five hours. Great excitement prevails, and they are fortifying the town of Pendleton. Governor Chadwick is expected every moment. Lieutenant Williams of the Twenty-first Infantry left La Grande to-day with fifteen Nez Perces scouts to intercept General Howard, who was in the vicinity of Granite creek when last heard from.

SILVER CITY, Idaho, July 6th.—An engagement with the hostiles occurred Sunday at the south fork of John Day creek. One white man was killed and three wounded. Among the latter was William Burnham. Colonel Bernard states that the hostiles are the most vindictive he ever encountered. Signal fires near Bear valley denote the presence of a large number of hostiles. The fight near Canyon city lasted two days. Citizens participated, no troops being near.

Nasby Put in "a Claim" for the Corners.

The Toledo Blade says: Forty thousand dollars to lay a plank road in the bed of Perkins creek to where it crosses the track of the Secessionville road, to lessen the freight on lieker. When the creek is up so ez to be navigable for flat boats the plank kin be floated onto the bank, givin us the choice of water and land carriage; \$50,000 to lay iron on the Secessionville road to the corn country back, to lessen freight on corn to the distillery; 50,000 to macadamize the road a cross the hills to Davisville, to enable its citizens to git to Bascom's at all seasons, that they may avoid the necessity of laying in their supplies by the bar; \$50,000 to bore artesian wells to furnish the water and the same amount for steam engines and such to pump the water out of em to make Goose creek navigable all seasons up the year; \$25,000 to be expended in borin experimientle wells for oil, back up the corners, the money to be expended by a committee of which I shal be the chairman. This to develop the resources of the Corners' and the nashtunel wealth and grandjer; \$1,000,000 for a custom house at public biznis, which will hev to be done here when the other expeditours hev bin made.

Murder With a Hatchet in California.

RIVERSIDE, Cal., July 6th.—William Palmerton was murdered at his residence in San Jacinto valley last evening. The murderer came up behind him with a hatchet and split his head open. He then rushed at his wife and struck her on the head with the hatchet, which she succeeded in getting away from him. His object was to get money. The murderer was a very dark Mexican, about five feet eight inches in height, with heavy short whiskers. He wore a black hat, blue coat, brown overalls and new shoes. He escaped in a direction unknown.

The Sutro Tunnel.

There is a variance of opinion as to the precise time when the Sutro tunnel will connect with the Savage. It is to-day positively asserted at the headquarters of the Savage and Hale & Norcross mines that the connection will be made within the next 24 hours. This is questioned by other equally well informed parties. The most authentic measurements show that some 30 feet intervened between the leader and the east drift, 1640-ft. level of the Savage last Saturday. Forty-eight hours have since passed, and the distance has been lessened rapidly. It is possible, therefore, that the connection may be speedily made, even if from 8 to 20 feet difference in level exists between the header and the drift, as is unquestionably the case. This connection will mark an important point in the history of the Comstock. Difficulties still cling to the efforts of the Savage and the Hale & Norcross to drain their mines, as will be seen from letters published. With the tunnel for an adit for the water, these will be very much lessened. Most of the principal companies on the Comstock proper have already agreed to give Mr. Sutro the royalty which is provided for in the act of Congress. This appears to be the only basis on which an agreement can be effected.

Sensation Spoiled.

In a letter to the Statesman, Mr. Milster, living in the northern part of Marion Co., Or., who was charged with having whipped a boy to death, writes: "I did switch a boy by the name of William Kinsey; said boy has lived with me something like one and a half years; his father lives somewhere above Sublimity, in this county; the boy is a pretty bad boy—so much so that I could not stand him any longer. After switching the boy I sent him to his father's but did not abuse him. I am generally known throughout this county, and am here at home attending to my own business, ready at all times to answer to my fellow men for my conduct."

THAT WRIT.

As the readers of the GAZETTE probably know, the tax-payers' counsel has applied to the Supreme Court for a writ of certiorari. This writ, if granted, will direct the Board of Commissioners to certify their acts to the Court for examination and decision. It would seem that the Commissioners ought to be anxious for an opportunity to verify their acts by Supreme Court decision. They are, however, doing all in their power to prevent any proceedings whatever in the matter. They have presumed that it is the county's business to vindicate their acts, and District Attorney Cain has been made assistant counsel to R. M. Clarke in opposing the petition for a writ. Mr. Clarke's services will cost money, and we suppose the county will have to pay it. We have here a very singular situation. The tax-payers complain of illegal fees and want them refunded. The Commissioners say things are all right, and use their office to prevent a legal decision. Here, then, the county is fighting its own tax-payers. Not fighting them because they are wrong, but because it is feared that they are right. The tax-payers want these matters decided; the Commissioners do not.

It will be confessed even by the file-leaders of the whitewash brigade that the officers are now in a very awkward plight. They were clamorous for investigation in any form—they craved it, and couldn't sleep o' nights without it. Their inmost yearning was for investigation, swift and sure, and tears were shed when they thought that vindication might be deferred for a time. But now all is changed—they do not hunger and thirst after righteousness as much as they did. They find now the tax-payers mean business, and they no longer want investigation in any form. R. M. Clarke, W. Cain and S. A. Mann are entrusted with the official post, and are instructed to hold it. Their business is to stave off decision upon grounds of law technicality, red tape or anything else. Before the Supreme Court on Saturday last, lawyer Clarke, after vainly trying to explain away direct infractions of the statute in matters of certain fees, took refuge in the technicality that the petition did not say that the Auditor had not paid the bills. This was a technicality, pure and simple for Mr. Clarke, and those who knew for whom he acted knew that the claims complained of had been paid. It will thus be seen that the Commissioners are taking advantage of everything to prevent the disputed matters coming to a decision. The official ring boat was upset by the grand jury bombshells, and the crew is floundering in the water; they do not allow a straw to pass without grasping for it. All this will cost the county money and the tax-payers should remember it.

Competent authorities feel certain that the writ will be granted. If it be refused, the Court will indicate the proper method of action. In default of such recommendation, indictment will be demanded and procured. The method of certiorari was adopted merely because the officers promised agreed cases. It was thought that the matter could thus be settled without criminal prosecution; if, however, the officers prefer the latter method, they will be gratified. There is to be no trifling in this matter. The task has been undertaken and will be performed. Certain officers have exceeded their jurisdiction and others have collected illegal fees; the people have demanded that these sums be refunded, and they will be.

The day for temporizing and compromising has passed away, and now the goose is to be cooked. Attorneys for the tax-payers are precisely in the position of the French cook who, while sharpening his knife, said to the fowls:

"Now, my dears, with what sauce will you be cooked?"

"Yes, but we don't want to be cooked at all," the chorus replied.

"My dears," said the cook, gravely, "that was not the question."

Three men were killed by the explosion of a boiler at Queen City, Texas, Saturday.

EDITORIAL NOTES.

Dennis Kearney is going home to visit his mother. He said to his sandlot disciples: "I shall return to this State about the time the Convention meets in September next, in readiness, if necessary, to lead a band of resolute men to the mountains, and then hang the first man who breaks his pledge to the people. In the event of trouble I shall be found like Harold, in the midst of the slain. On the steps of the capitol at Washington I shall denounce the inmates as a den of thieves, and right there and in the city of Boston will I deliver speeches as radical as any which I have ever delivered in San Francisco." Our advice to Dennis is "don't."

The Lassen Advocate has changed hands and is visibly improved. The new editor, Mr. Weed, gives evidence of ability and determination. He says that in future he will have no patent outside, but print his paper at home. We are glad to note the change, and it is evident to us that the Advocate will will soon merit an extended patronage. Pluck is what a newspaper man needs. Mr. Weed is supplied.

HUMBOLDT AND WASHOE.

Claims of Washoe County against Humboldt Settled by District Attorney Cain—Full Particulars.

Editor Gazette: Believing that you are at all times desirous to obtain and furnish information of value to the many readers of your extensively circulating official paper, I would respectfully request you to publish the result of my recent visit to Winnemucca for the purpose of obtaining a settlement of our claims against Humboldt county, accrued since the last trial of J. W. Rover in our District Court and not embraced in our suit against that county now pending in the Supreme Court of this State.

In order not to take up too much space in your columns, I will simply state the amount of the bills as they had been allowed and paid by our county and by us presented to Humboldt county, and the allowance and payment thereof by that county:

Character of Claims.	Washoe Co.	Humboldt Co.
Clerk's bill.....	\$ 10 70	\$ 10 70
Sheriff's bill.....	105 65	105 65
Bill of Nathan, clothes.....	16 50	16 50
Clerk Supreme Court.....	50 50	50 50
Vesey, board bill.....	94 80	94 80
Cook & Holladay, gallowes.....	62 ()	62 00
District Attorney bill.....	112 00	112 00
Undertakers.....	17 00	17 00
Board of Rover, Sept. 77.....	24 ()	24 00
Board of Rover, Oct. 77.....	24 80	24 80
Transcript of Rover case.....	646 50	459 25
For Supreme Court, \$36 35		
Governor's office, \$378 00		
Soderberg, reporter.....	387 60	236 80

You will perceive that our bills were allowed in full, except the transcript and reporter's bill. The first will no doubt be satisfactorily settled between our Clerk and Board of County Commissioners at their next meeting. The reporter's bill had been acted on by Humboldt Commissioners at their meeting in 1877 and a warrant drawn in our favor for that amount. As I had been informed by the County Clerk of Humboldt county that this bill had been allowed in full, I was greatly surprised, but that Board being of the same opinion as myself, that having acted on and finally disposed of the claim, ended their jurisdiction over the matter, and more than six months having passed since their rejection of a portion of this bill, thus rendering it no longer possible for me to commence an action upon that item of our claims, I submitted with as good grace as possible, and as Humboldt desired to act honorably and in an amicable spirit, I took from that county a bill of sale of the gallows built for Rover by us, and for which they had just allowed me sixty-two dollars, which may possibly be of service to some of our fiery bloods who are ever ready, at the smallest provocation, to shed the blood of their fellow men.

As the County Commissioners of Humboldt county only meet every three months, these matters could not have been attended to sooner and the vexed question settled. I perceive

that the Silver State has fallen into the pardonable error that I had abandoned some \$700 of our claims against Humboldt county. Our Clerk had prepared a transcript of 818 pages for the Supreme Court, and a bill of \$646 was by him duly presented and allowed by our Board of County Commissioners, audited and paid. On the hearing of the case in the Supreme Court, on the motion of General Kittrel and myself, some 700 pages of this writing was struck out because "insufficiency of the evidence" to justify the verdict of the jury had not been assigned as one of the errors by the counsel for defendant. Our Clerk, having employed and paid several assistants to prepare this transcript, naturally felt anxious not to lose his money and labor, and caused this rejected testimony to be filed in the Governor's office for the use of the Board of Pardons, as by law required, and another bill of \$373 was presented, allowed and audited by our county in favor of P. B. Comstock, but not paid. Thereupon our bill against Humboldt was presented with this one item in two different shapes. This was fully explained by me to the Board of County Commissioners at Winnemucca, in the absence of the editor of the Silver State, as I believe. Humboldt thereupon paid us for that part which had been retained in the Supreme Court as a transcript, and also paid for that portion which had been filed in the Governor's office, and it was owing to this fact that the Silver State came to the foregoing conclusion that a large reduction had been made. The figures as given by me state the amount allowed and paid by us, and the amount for which the county of Humboldt drew their warrants in our favor. These warrants drawing ten per cent. interest, and we paying also interest on court-house and bridge bonds, render them to us equal to so much cash. Respectfully, etc.,

WILLIAM CAIN,
Dist. Attorney.

MARRIED.

BENTON-WILLIAMS.—In Reno, July 6, 1878, by the Rev. W. C. Gray, Mr. James H. Benton, of Wadsworth, to Miss Elizabeth Williams of Boston.

Jottings.

—A splendid Dunham piano is offered for sale by Mr. A. J. Coghill. See his advertisement for particulars.

—The name of the young man who died at the poor farm yesterday morning is John Reile. He was a native of Portugal and aged 28 years.

—A man who wants a job as cook and dishwasher can obtain one by applying to—well, see his name and place in the 50-cent column.

—By calling at the Reno flour mills, those who wish to purchase chickens will have an excellent opportunity offered them. See advertisement in another column.

Where to Spend a Day.

A band of eight musicians furnish music every Sunday at Bowers' Mansion. Mr. Holmes, the gentlemanly proprietor, has also just purchased and placed in his large parlor one of List's finest pianos. We know of no place where a party of ladies and gentlemen may go to spend a pleasant day, that possesses superior attractions to Bowers' Mansion. A quiet nook with desirable company and an amusing book to supplement conversation. A splendid bath; a game of croquet; a little dancing; a splendid lunch under the trees; music in the parlors and on the grounds. These, among other attractions, are all freely provided for your company. Mr. Holmes charges no admissions. His grounds are free to all. Therefore your only expense is \$1.50 for the round trip to the Mansion.

FROM PYRAMID.—J. E. Jones, Superintendent of the Jones & Kinkead mine, brought in with him on Saturday last some specimens of ore showing free gold to the naked eye. If the Jones & Kinkead continues its relative increase with the depth, they may expect at some future day to uncover a deposit of \$20 pieces already coined. Were the mine located on the Comstock it would sell for \$1,000,000 to-day. Shareholders are, however, well satisfied with the outlook, being satisfied that a good property will command its full value. The Auburn mill was to have started up again to-day.

PHOTOGRAPHIC.—Our readers' attention is directed to the advertisement of Mr. Geo. Lovewell, the photographer who does such excellent photographic work in the car opposite Hagerman's store. He takes much care in his photographs. His ferro-types he takes too quickly and only charges 50 cents for two dozen. Small albums 50 cents each. Step around and secure a good picture.

GRASSHOPPERS.—The grasshoppers are so thick in Sierra valley that when they rise they obscure the sun. They do not touch the wet land or the hay after it is cut and cured. One-half the crop will be destroyed. Large number of crickets are also reported in Spanish Spring valley.

ECHO FROM ROOP.

Crops—Fish Matters—Pyramid Items.
Editor Gazette: Notwithstanding the warm weather and the general wail of hard times, the people of this section are in excellent spirits. The hay and grain crops about Pyramid lake, Winnemucca valley and adjacent locations were never so good as at present. Our mines are developing in a satisfactory manner, and the stock interest is assuming a life and system which guarantees that this industry will prove even more remunerative in the near future than at any time in the past. Therefore, our people have just grounds for feeling greatly encouraged, and peer into the future with a cheering sense of their present progress and their ensured future success.

Most of our ranchers are haying now, and a few have commenced cutting their grain. The early potato crop will soon be ready for market. The yield will be larger than usual and, since Nevada potatoes command a good price in both the Nevada and California markets, our farmers will make handsome profits on this crop.

There is a little stir among the fishermen on Pyramid lake just at present. This proceeds from more or less opposing parties among the fishermen. Of course their claims are self-founded, and each company holds that it has the best right to fish at the best fisheries, and wants its opponents to discontinue fishing. Charles Beadle and Ed. Reed are now contending over a minnow pond. Whether this contention will breed a sensational difficulty remains to be seen. Both have their backers and, therefore, feel almost eager for the affray.

Since the Indian outbreak north of this place has assumed serious proportions, the Piute bucks in this locality have become quite independent and even saucy. However, we apprehend no trouble from this source.

The Fourth stole quietly by with scarcely an indication of this great natal day. A few guns were fired and a number of those who often moisten the throat with cocktails, etc., imbibed quite freely. Perhaps the spirit of patriotism, so long latent, was aroused by the spirit of corn and strychnine, yet its manifestations were indeed peculiar, of not occasionally disgusting. Politics seems a matter of the past, yet a month or two later and the quiet voter of Pyramid will receive that respectful consideration to which his great prerogative as an American citizen entitles him.

Pyramid city, the future county-seat of Roop, is now behaving as a thing of life. Mr. John Hymers, brother of your townsman, T. K. Hymers, runs a very good hotel and sets a good table. Foree Gregory is erecting a residence just above the Walker store. Deut. Gray has a resort for the thirty and those who use the weed. He will soon supplement these with a stock of general merchandise. Evan Williams keeps a feed stable. The Munroe brothers, of Sierra valley, will soon erect a hotel at the upper camp. When they complete their hotel, they propose opening it by a grand ball. The few bums and dead-beats that lurked around the camp are now plying their worthlessness in other places, hence one does not find an idle man in the camp. Pyramid has been in doubt whether to live or die, but as your readers have already been informed, this cloud of doubt has been dissipated, and the brightening light of increasing prosperity gradually diffuses itself over the future Comstock of Western Nevada.

Personals.

Dute Gray is in from Pyramid.

J. P. Jones is expected home this week.

Dr. Clark will address the working-men to-night.

RACE YESTERDAY.—The race between White Bird, owned by De Foni and Honey Lake Pet owned by S. A. Gibson run yesterday afternoon at the race track was easily won by the latter. Distance 500 yards, purse \$100, time 29 seconds. Pools sold before the race two to one on Pet. The judges were A. K. Lamb and M. C. Lake.

INSTALLATION.—On Saturday night District Deputy James T. Davis installed the following officers of Lodge No. 8, K. of P.: C. C. F. A. Teasland; V. C. W. D. Phillips; M. E., J. J. Becker; M. F., C. H. Stoddard; K. of R. S., J. S. Gilson; Trustees, Jas. T. Davis; M. of A., H. G. Mathewson; I. G., C. A. Simmons.

CORRECTION.—In our item yesterday on the Jones & Kinkead mine we made a statement in reference to the ore being extracted from the 300-foot level which one or two parties fear will be misconstrued. We said that the ledge on this level is about seventy-eight feet wide and that thirty-five feet of the ledge contained low grade ore; and further, that five men were stopping in excellent ore. Now, the mistake which those who called our attention to what they presume as an omission on our part is, that it is highly probable that many would infer many would infer that the company was hoisting out low grade ore. The correction is this, then: the company are stopping, not simply in good ore, but in high grade ore, and not taking any of the low grade ore out of this mine.

WORKINGMEN TO THE FORE.—This evening the Workingmen of Reno will have an opportunity to listen to the soft words of the eloquent Dr. Clark, of San Francisco. After the lecture those troubled with the ailments with which the doctor is familiar can easily have said disaffections of the flesh promptly removed for the modest sum this medicos may be willing to receive, and by said afflicted one following the minute directions of this devoted disciple of Escalapius. The opera house is the place, gentlemen, where you will be entertained. After the eloquent repast so lavishly spread by Dr. Clark, the military gentlemen will, as the heroes of old, step to the front and choose a brave and gallant leader. The house should be crowded.

IONE DISTRICT.—Mr. M. Raphael, of Wadsworth, informs us that a contract has been let for the erection of a 20-stamp mill for the Alexander mine in Ione district. This mine has only attained a depth of 250 feet, and enough ore has been uncovered to run the mill for 3 years. The Downey furnace has also made a successful run, turning out 160 bars of bullion. Grantsville, Lodi, Ione and Downeyville should be looking up, according to this.

TO OREGON.—Captain Thompson's company of infantry, which has been stationed at McDermitt for over a year, are ordered to Walula, Oregon, by way of San Francisco. A part of the company passed through Reno yesterday afternoon, the rest with Captain Thompson will start as soon as they return to the post from escort duty. Captain Wagner's cavalry and Hasebrouck's mounted artillery remain at the post.

THE IMMENSE DESTRUCTION OF
human life annually from secret and chronic diseases, caused this old and reliable institution to be established, first in Philadelphia, Penn., in 1850, and afterwards in San Francisco, Cal., in 1854, as a private dispensary, in order to afford the afflicted the best medical and surgical treatment for the sake and all other affections and complaints. Consultation at the Institute, or by letter, FREE.

To the Afflicted:
Dr. L. J. Czapka would most respectfully inform the public of the Pacific coast that, at the earnest solicitation of his numerous friends, and hundreds of those unfortunately afflicted with disease, he has reopened his MEDICAL AND SURGICAL INSTITUTE and resumed the practice of his profession. The Doctor would remind all those who are in need of medical aid, that since relinquishing his very extensive and successful practice in San Francisco, he has visited the principal cities in Europe, inspecting diligently the experience of the most learned in the profession, the benefit from which he offers to all in need of his services. Rheumatic affections, chronic catarrh, diseases of the stomach and kidneys, liver complaints, etc., successfully treated. Those who are suffering from the errors and indiscretions of youth, nervous weakness, physical and mental debility, are assured of a permanent cure. Charges moderate. All communication strictly confidential. Medical cases sent by express. Address, J. CZAPKAY, M. D. 9-34 & wlv 299 Kearney st., San Francisco.

FELLOWS' Compound Syrup!

—OF—

HYPOPHOSPHITES.

THIS DISCOVERY

Is the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

One of the first symptoms of disease affecting either the Liver, Lungs, Heart, Stomach, Genital Organs, or a loss of nervous power. This is followed by muscular relaxation, weakness, and emaciation of all the organs which depend upon them for health or involuntary muscular action, the weaker suffering first.

The inventor, acting upon this idea, that the muscles and nerves depend upon each other for efficient strength and action, and that they must be treated directly in order to speedily and permanently cure diseases of the organs which they control, became convinced, after months of experiment, that no other preparation produced such potent and direct effects upon the nervous system as his

Compound Syrup of Hypophosphites

and except in cases of actual organic loss, that it would restore patients suffering from these maladies.

Amongst the diseases overcome by the use of this remedy are the following:—

Chronic Constipation,
Chronic Dyspepsia,
Asthma,
Chronic Bronchitis,
Consumption,
Chronic Diarrhea,
Chronic Laryngitis,
Melancholy,
Nervous Debility.

Debility, resulting from Typhoid and other low fevers, Diphtheritic Prostration, Hysteria, Hypochondria, Nervous Excitability, Marasmus or Wasting of the Muscles, Aphonia or Loss of Voice, Sluggishness of the Liver, Interrupted and Feeble Action of the Heart, Suppurating Fungus caused by mucous obstruction of the Lungs and Air Passages leading thereto, and Debility from various causes. Indigestion and habitual Constipation almost always arise from weakness of the muscles and nerves of the stomach and bowels. In such cases, Fellows' Compound Syrup of Hypophosphites has proved itself of the greatest service by inducing healthy peristaltic action of the intestines. The evacuations soon become copious and healthy, without producing the effect of purgative medicine.

Weakness of the Joints and Muscles. Indigestion of the Stomach, and INWARD WASTING may be cured by attention to the regular described doses, and by due regard to the habits of life.

FELLOWS' Compound Syrup of Hypophosphites

The power of arresting diseases displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced, and the large sale is the best guarantee of the estimation in which it is held by the public.

This syrup will cure PULMONARY CONSUMPTION in its first and second stages, will give great relief and prolong life in the third. It will cure ASTHMA, BRONCHITIS, LARYNGITIS and COUGHS. It will cure all diseases originating from weakness of MUSCULAR ACTION and NERVOUS FORCE.

Sold by all Druggists.

Price \$1 50 per bottle or six bottles for \$7 50.
